

WILLAMETTE VALLEY  
VINEYARDS

# Golden Coins

We have placed individually numbered Golden Coins under the capsules of our classic Oregon wines.

A Golden Coin may be hidden under the capsule.

We've hidden individually numbered Golden Coins under the foil of select bottles of our classic Oregon wines.

Every coin supports local food banks, plus finders receive winery experiences or Willamette gear and a chance to win an Oregon Wine Country Getaway!

Learn more at [wv.com/Gold](http://wv.com/Gold).

Instructions to redeem are located on the back of coins found in select Willamette Valley Vineyards wine capsules. Must be at least 21 years old to enter. Void where prohibited or restricted by law. No purchase or proof of purchase is required to enter, and a purchase will not improve a person's chances at winning. Complete terms and conditions at [wv.com/Gold](http://wv.com/Gold).

See reverse for details

- With your help, we will create displays in targeted accounts throughout the country with the goal of securing floor space. We're also happy to provide menu support for wine list features.
- Once found, the coin will direct the recipient to a redemption website where they will designate a local food bank to receive a donation and select an experience credit for our Estate Tasting Room or a swag bag of logo gear. They will also be entered to win the Grand Prize, a wine country getaway for two valued at over \$1750.
- With over 1225 coins hidden in wine bottles since 2020, this program provides over \$60,000 in potential donations to food banks nationwide.
